MEASURE READ THE FIRST TIME—H.R. 4373

Mr. SCHUMER. Mr. President, I understand there is a bill at the desk, and I ask for its first reading.

The PRESIDING OFFICER. The clerk will read the bill by title for the first time.

The senior assistant legislative clerk read as follows:

A bill (H.R. 4373) making appropriations for the Department of State, foreign operations, and related programs for the fiscal year ending September 30, 2022, and for other purposes.

Mr. SCHUMER. I now ask for a second reading, and in order to place the bill on the calendar under the provisions of rule XIV, I object to my own request.

The PRESIDING OFFICER. Objection having been heard, the bill will receive its second reading on the next legislative day.

ADVANCED AIR MOBILITY COORDINATION AND LEADERSHIP ACT

Mr. SCHUMER. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 225, S. 516.

The PRESIDING OFFICER. The clerk will report the bill by title.

The senior assistant legislative clerk read as follows:

A bill (S. 516) to plan for and coordinate efforts to integrate advanced air mobility aircraft into the national airspace system, and for other purposes.

There being no objection, the Senate proceeded to consider the bill, which had been reported from the Committee on Commerce, Science, and Transportation, with an amendment to strike all after the enacting clause and insert in lieu thereof the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the “Advanced Air Mobility Coordination and Leadership Act”.

SEC. 2. ADVANCED AIR MOBILITY WORKING GROUP.

(a) *IN GENERAL.*—Not later than 120 days after the date of enactment of this Act, the Secretary of Transportation shall establish an advanced air mobility interagency working group (in this section referred to as the “working group”).

(b) *SENSE OF CONGRESS.*—It is the sense of Congress that Advanced Air Mobility (AAM) represents a key area of sustainable transportation and economic growth for the United States and globally, and that it is imperative that the United States take a leadership role in the adoption and furtherance of this technology. Therefore, given the path to initial operations is taking place utilizing today's regulatory framework, it is critical that government agencies collaborate and focus on taking this vital industry to the next level through policy and investment in energy, infrastructure, security and transportation. The focus of the working group is interagency coordination to enable the maturation and growth of AAM.

(c) *PURPOSE.*—The purpose of the working group established under this section is to plan for and coordinate efforts related to safety, infrastructure, physical security and cybersecurity, and Federal investment necessary for maturation of the AAM ecosystem, particularly passenger-carrying aircraft, in the United States in order to—

- (1) further United States leadership;
- (2) grow new transportation options;
- (3) amplify economic activity and jobs;
- (4) advance environmental sustainability and new technologies; and
- (5) support emergency preparedness and competitiveness.

(d) *MEMBERSHIP.*—The working group shall be comprised of at least 1 representative of each of the following Federal departments and agencies:

- (1) Department of Transportation.
- (2) Federal Aviation Administration.
- (3) National Aeronautics and Space Administration.
- (4) Department of Commerce
- (5) Department of Defense.
- (6) Department of Energy.
- (7) Department of Homeland Security.
- (8) Department of Agriculture.
- (9) Department of Labor.
- (10) Federal Communications Commission.
- (11) Such other departments or agencies as the Secretary of Transportation determines appropriate.

(e) *COORDINATION.*—The working group shall engage with State, local, and Tribal governments, industry and labor stakeholders, stakeholder associations, and others determined appropriate by the Secretary of Transportation, including—

- (1) manufacturers of avionics, AAM use aircraft, propulsion systems, structures, and air traffic management systems;
- (2) air carriers, commercial operators, general aviation operators and future AAM operators;
- (3) airports;
- (4) fixed-based operators, as defined in FAA Advisory Circular 150/5190-7;
- (5) certified labor representatives for pilots associations, air traffic control specialists employed by the Federal Aviation Administration, and aviation safety inspectors;
- (6) State, local, and Tribal officials or public agencies, with representation from both urban and rural areas;
- (7) first responders;
- (8) groups representing environmental interests;
- (9) electric utilities, energy providers and market operators of electricity;
- (10) academia with experience working with industry on new technology and commercialization;
